

## WE KNOW HOW TO CELEBRATE CHANUKAH!

Sisterhood and Men's Club promised "Lots of Latkes" and they kept their promise. Our annual Latke party offered plenty of delicious, freshly made latkes - crisp on the outside and tender on the inside. The green chile ones, made using Betty Osoff's recipe, were a big hit. Of course, there was applesauce and sour cream to top the latkes plus other tasty treats. This annual event is always a crowd pleaser. You can

tell by the photographs that everyone had a wonderful time.

Attendees were invited to bring their own personal menorah for a grand lighting of all the menorahs. This was a highlight of the evening. As the blessings were said, the candles of more than twenty menorahs were lit by those attending. So many menorahs being lit at the same time created a wonderful glow. The expressions on the faces of the children were priceless.

A Chanukah party isn't complete without festive music. After the candles were lit, Diane Chodorow led the crowd in singing a variety of Chanukah songs. The songs ranged from "I made a little dreidel" to Peter Yarrow's, "Don't let the light go out."

Betty Osoff was the chair of this wonderful, annual event with involvement of both the Sisterhood and the Men's Club. She was ably assisted in the kitchen by Richard Bornstein, Diane Chodorow, Karen and Rick Hammer, Ben Kesner, Robert Lewis and Judy and Marty Sherman. Thank you for making this event so delicious and memorable. Make it a point to join us next year!
